

Teach your students about local farm fresh foods with CAFF's

# Harvest of the Month Tasting Kits

New items for  
the 2011-2012  
school year!

**How does it work?** Each month, classes receive a Harvest of the Month Tasting Kit featuring a differently locally grown produce item and standards linked teaching materials. The program runs from September 2011 to May 2012.

## What's in your tasting kit?

Each month you'll receive:

- Enough fresh, locally-grown produce to taste with your class
- An educational packet that includes information and activities about the produce items to get kids excited to learn about and try new fresh fruits and vegetables.

## How do I sign up?

We charge \$15 per kit each month. That's only 50 cents per child for most classes. We require a **seven kit minimum** order per school site for delivery, with at least a three month commitment.

**Contact us** at [harvestofthemonth@caff.org](mailto:harvestofthemonth@caff.org) with questions or to sign up.

## How can I pay for this?

The kits provide nine months of engaging standards-based lessons and farm fresh produce for **\$135 per class each school year**.

### Fundraising ideas include:

- Asking the PTA/PTO to purchase kits
- Asking parents to sponsor a month during the school year
- Asking your principal or Food Service Director if your school qualified for the *Fresh Fruit and Vegetable Grants* and use part of those funds for the kits

\*If your school signs up for the whole year before August 15th, 2011 we will give you a **\$50 early bird discount for the year!**

In the **2011-2012** school year,  
we're featuring:

<b>String beans</b>	<b>Mandarins</b>
<b>Tomatoes</b>	<b>Cauliflower</b>
<b>Pears</b>	<b>Asparagus</b>
<b>Beets</b>	<b>Berries</b>
<b>Cabbage</b>	

\*Produce items may change with advanced notice due availability, seasonal variability and weather.
